

Self-Sufficiency Wage Policy

The Westmoreland-Fayette Workforce Development Board has set the criteria of \$13/hour wage for self-sufficiency.

An individual in Westmoreland or Fayette County earning \$13.00 an hour or less will not be self-sufficient, thus eligible for training services at the point of WIOA registration. The individual's income should not exceed \$27,040 annualized.

The Board has approved a self-sufficiency wage of \$13.00 an hour. This rate will require all work-based training services to be negotiated at the new rate.
